

Images in DailyMed and Downstream

Stuart J. Nelson, MD, FACMI

Potential Downstream Uses

- * Product Identification
 - * Deciphering the Contents of a Brown Bag
 - * Automatic Recognition
- * Use in Medication Lists
- * Insuring Uniqueness of Appearance

Where to Put Them

- * Thumbnails on Search Page
- * Thumbnails at Side of Label
- * In Label Itself

Demonstration

- * Examples of Areas of Concern
 - * Betapace (more than one label)
 - * Adalat (reflectivity)
 - * Natazia Pack (unspecified parts)

How to Identify Images

- * 9 digit NDC?
- * But if no NDC on Component of Pack?
- * Links to RxNorm Names

Making Images Available

- *Download Site

- *Metadata with Images

Setid | NDC9 | ImageFileName | RxCUI | RxNString

Other Issues

- *Image Size in Mobile Version
- *Images from Repackagers
